

The Marketplace helps people without health coverage find and enroll in a plan

If you don't have coverage through a job, Medicare, Medicaid, the Children's Health Insurance Program (CHIP), or another source, the Marketplace helps you find and enroll in a plan that fits your budget and meets your needs.

Want to change your 2020 plan?

Outside the open enrollment period, you can enroll in a private health plan through the Marketplace only if you qualify for a special enrollment period. You have a qualifying life event like having a baby, getting married, or losing minimal essential coverage.
