

Marketplace 2022 Open Enrollment

The Marketplace Open Enrollment Period on HealthCare.gov runs from November 1, 2021 to January 15, 2022. Consumers who enroll by midnight December 15 can get full year coverage that starts January 1.

This year, the Centers for Medicare & Medicaid Services (CMS) is focusing on increasing access to assistance for Marketplace consumers, ensuring robust outreach and education efforts to reach consumers about the opportunity to enroll or re-enroll in Marketplace coverage. CMS has also committed to raising awareness around low-cost plans for 2022, as a result of the American Rescue Plan Act (ARP). Increased and enhanced enrollment assistance is available through Navigator organizations that help consumers find the right health care coverage, complete their applications and enroll in coverage. Sixty Navigator awardee organizations are available to provide comprehensive assistance through customized educational and outreach activities, especially to underserved communities. Eighty million dollars in grant awards for the 2022 plan year, and another almost \$11.5 million in additional funding, will go towards supporting Navigator efforts during the final month of Open Enrollment.

2022 Enrollment Period

Beginning November 1, 2021 and through January 15, 2022 this Enrollment Period will allow individuals and families in states with Marketplaces served by Healthcare.gov platform to enroll in 2022 health insurance coverage.
